D. PRICES

Following rates apply when Ameritech provides OS/DA

Customer Satisfaction Guarantee for a period of sixty days after installation is applicable for individual line Carrier's business and residence customers for the following features:

- Call Forwarding-Variable
- Call Waiting
- Speed Calling
- Three-Way Calling

If, during the 60-day period, the Carrier's customer is dissatisfied with the features, and requests that all the features be discontinued, neither the monthly rate nor any applicable nonrecurring charge would apply. If the Carrier's customer retains any of the CCS features beyond the sixty-day period, the monthly rate for the features retained would apply from the date the features were initially established. Also, any applicable nonrecurring charges would apply. One customer Satisfaction Guarantee applies per feature, per Carrier's customer. The Customer Satisfaction Guarantee is not allowed in Foreign Central Office Service.

On residence service, when any combination of Custom Calling Service feature(s), Advanced Custom Calling Service feature(s) (other than Caller ID, Caller ID with Name, Voice Calling), and/or including Multi-Ring Service, as specified elsewhere in this Catalog, are provided on the same line, a \$2.40 reduction in the monthly rate will apply for each additional feature per line.

When Custom Calling Service Features (CCSF) and/or Advanced Custom Calling Service Features (ACCSF) are provided subsequent to establishment of service, a Line Rearrangement Charge applies per line for all (one or more) CCSF and/or ACCSF provided at the same time as specified in Section 2 of this Catalog.
